PETITION

We, the undersigned, demand the following:

1. Reduce Aircraft Noise
2. Enforce the High Density Rule. Do not expand airport operations! Amend AIR21!
3. Enforce an airport curfew from 10 PM to 7 AM
4. Remove older, noisier and more polluting planes from high density areas like ours
5. Plan now for a long-range intermodal/integrated transportation system with an emphasis on high speed trains to reduce the need for shuttle planes
6. Make the Port Authority of New York and New Jersey accountable to local jurisdictions.

WITHOUT A REDUCTION IN NOISE AND POLLUTION, OUR BASIC RIGHT TO A HEALTHY ENVIRONMENT IS VIOLATED!
